Talk it up

United Association of Humanist Economists

Journal of Humanist Economics.

"Man is the Measure of All Things"
that does not too mean from service to mankind.

We unite ~~for~~ for humanism, and against the
digressions and obstacles. Human welfare is the end;
analysis and instr. are ^{only} means. We unite to
cast out pedantry, metaphysics, and careerism as ^{personal} ends;
and to cast out instr. as ends, to depersonify ~~the~~
govts., ~~state~~, property, agencies, firms, and abstractions,
and reinstate ~~mankind~~ as the real ~~to~~ persons
as the sovereign whose welfare is the end of all
effort. legitimate
